How your support **GIVES HOPE**

Ronald McDonald House Charities of Central Ohio creates, finds and supports programs that directly improve the health and well-being of children.

Ronald McDonald House Charities of Central Ohio is excited to announce several fundraising events in 2018 for YOU to be part of! Approximately 85 percent of funds raised from these events goes straight to providing rooms, meals, activities, and quiet respite for families caring for seriously ill children at Central Ohio hospitals.

So, how can you help us continue this valuable service to families and children? It's easy! Become a sponsor of our fundraising events throughout 2018, and you'll be counted as a valuable part of our Columbus Ronald McDonald House team.

You have two options for sponsorships at our events that make it easy to show your support.

1 The first is to choose a sponsorship package that fits your business needs. Each package is designed for the price range you have in mind, while giving you advertising exposure to the community and tickets to the corresponding events. You can find these sponsorship packages on pages 5 through 9. This is a simple, easy way to quickly get your business in front of a diverse group of people.

2 The second is to scan through our individual events and find the ones best suited to your style and business. Simply select the sponsorship level you'd like at each of these events and you're in! This is more *a la carte* and gives you a great deal of flexibility in how you choose to sponsor House events, as well as which audiences you get your business in front of. Check these out on pages 11-17.

After you've done your sponsorship shopping, simply fill in the Sponsorship Agreement at the back and send to Jamie Foltz at Jamie.Foltz@rmhc-centralohio.org. If you have any questions, you can reach out to Jamie directly at 614-227-3740.

Thank you for your continued support of our families here at the Columbus Ronald McDonald House.

We can't wait to see you!

What our sponsors **ARE SAYING**

It is an honor for **Columbia Gas of Ohio** to be a sponsor of the Ronald McDonald House and help support the great work they do in our community. RMH provides comfort and security to families during difficult times, and we are proud of its efforts and the dedication of our employees to continuously improve the quality of life for each and every guest. Columbia truly cares about keeping families close.

Steve Sylvester - **Columbia Gas of Ohio**

“

Continental Building Company considers our relationship with The Ronald McDonald House to be one of the most valuable relationships we have. The opportunity to bundle our support of the House and participate in all of the wonderful events that the House puts forth allows us to plan for the year in advance and encourage participation from all of our employees. It seems as if everyone in our company can find at least one event that fits who they are. Their participation is an opportunity for them to give of their time to a meaningful cause and find common ground outside of the work environment.

Todd Alexander - **Continental Building Company**

7 year-old Ashton Zari was diagnosed with chronic kidney disease, bilateral urinary reflux and hydronephrosis, resulting in very low kidney function among many other medical concerns. After several visits to local hospitals and countless specialists, the Zari family made the 8.5 hour trip to Nationwide Children's Hospital in Columbus, Ohio to see some of the very best urologists and nephrologists in the country. "During our first few trips to Columbus we stayed in economy hotels but I didn't feel safe having my children there" Amanda said. **"The Ronald McDonald House is a big part of why Ashton is able to continue care in Columbus."**

Amanda Zari, mother of 7 year-old Ashton, 3 year-old Addison and 10 month old Alexander, says she **"felt relieved"** when she learned about Ronald McDonald House Charities of Central Ohio. She describes the House as **"more than just a bed"** to her family. **"It's a warm smile** when we are en route to the hospital, **a fist bump** when Ashton has a test done that isn't much fun, **a hug** when I'm worried, a hot meal, having access to the Internet, warm showers, and activities for the kids that take the sting out of being away from home for the holidays." The last four years have been a long journey from their hometown of Franklin, North Carolina but this family is extremely grateful to have a safe place stay where "the volunteers and staff make it their mission to encourage each and every family."

The next step in Ashton's journey involves waiting on a kidney transplant. Even in the toughest times, one thing remains true; Ashton is the happiest kid and almost always has a smile on his face despite the difficult challenges and procedures he has endured at such a young age. When asked what the Ronald McDonald House means to him, Ashton said **"I love it! It feels like my home."** His mom added that her family is **"eternally grateful for all the help the Ronald McDonald House has provided us during our journey."**
