Ronald McDonald
House Charities®
Central Ohio

2023 SNAPSHOT

The Ronald McDonald House provides a home-away-from-home for families of seriously ill children seeking medical care in Central Ohio. We provide private bedrooms/bathrooms, warm meals, and all the amenities of home so they can focus on what is most important – their child. It is through the generous support of the community that we are able to provide our services at no cost. Keep families close and help them feel at home, even when they can't be.
